

STUDY TOUR

JUNE 04|08
2018

PLANTATIONS FOR
AFRICA'S
PROSPERITY

REPUBLIC OF
UGANDA

FOR GOD AND MY
COUNTRY

AGENDA

Plantations for Africa's prosperity

This study tour will be co-hosted by New Forests Company and WWF Uganda, and use its operations and experiences in Uganda as a catalyst to discuss 1) the potential for greenfield tropical forestry to play a key role in climate change mitigation, 2) the role of companies as drivers of socio-economic development in 21st century Africa, and 3) the dire need for blended return, patient capital, impact investing and other innovative financing vehicles to unlock the full extent of these benefits.

NGP will provide you moments where to build your empathy and trust, to feel free to express your views, and to be prepared to listen to and learn from those of others

Uganda, 04|08 June, 2018

We look forward to discussing these daunting challenges and exciting opportunities with stakeholders on the ground to come up with solutions that are relevant to sustainable forestry globally.

Sunday 03rd of June	Arrive in Kampala
Monday 04th of June	Kampala Opening meeting and 'Forestry for Prosperity' public conference
Tuesday 05th of June	Kirinya Plantation, Bugiri District Field-visit Community Engagement Pilot

NGP Study Tour

NGP brings together people from different backgrounds, with different interests, to share their knowledge, experience and views, to listen, and to reflect on and question their own attitudes and actions.
