MEETING &
ENCOUNTER

REPÚBLICA DE
MOÇAMBIQUE

MAPUTO

AGENDA

Africa's social prosperity and landscape's resilience

The NGP 2019 Meeting and Encounter, taking place in Maputo, Mozambique, from 18 to 20 November, will build on the 2018 Uganda study tour 'Plantations for Africa's prosperity'. This year's Encounter will be dedicated to further understanding how landscapes approaches and communities development can evolve hand-in-hand, using innovative perspectives, collaborative processes and social engagement tools in order to support a better and more sustainable business for everyone involved.

NGP will provide
you moments
where to build your
empathy and trust,
to feel free to
express your
views, and to be
prepared to listen
to and learn from
those of others

NGP 2019 Encounter

NGP brings together people from different backgrounds, with different interests, to share their knowledge, experience and views, to listen, and to reflect on and question their own attitudes and actions.
